

Amendments to the Specification:

Please replace paragraph [0008] with the following amended paragraph:

5 A byproduct of this design, though, is the presence of a space 17
between the main body 11 and the housing cover 12 when adjusting the
shape and size of the pointing device 10. The size of this space 17
correlates with how far the housing cover 12 has been pulled along the
track 19. This space 17, however, has many ~~detracts~~ detractions from the
pointing device 10.
